MEMORANDUM FOR: Deputy Director for Intelligence

FROM: 25X1

Chief, Analytic Support Group

SUBJECT: Third World Military Database Coverage

1.   25X1

the ASG-administered program to improve data on
military in the Third World.

                                                                              25X1

2. We developed [   ] using input from ALA, OEA, OIA, and   25X1
NESA. ALA, OIA, and NESA suggested countries from throughout the
Third World. OEA declined to speculate on the importance of
countries outside of its region. Each entry [   ] was   25X1
suggested either by the "home" office or two or more production
offices.

3. If [   ] meets with your approval, we would begin work   25X1
immediately on some of the first-tier countries. Individual
offices will decide on the order of coverage for first-tier
countries.
